Amendments to the Specification:

Please amend the Abstract as follows:

A1
~~A system for transferring data from a portable data capturing device to a data processing means, the~~ A system comprising: a wireless communications ~~means system~~ for transmitting data from said ~~a data capturing device to the a data processing means device;~~
~~The wireless communications means comprising system~~ has a transmitter in communication with said ~~the data capturing device and a receiver in communication with the data storage means processing device;~~ ~~The transmitter having has~~ a finite transmission range; ~~and The system also includes a buffer in communication with said the data capturing device for temporarily storing at least some of the captured data captured by the said data capturing device; wherein data which is temporarily stored in the buffer which is only transmitted to the receiver when the receiver is located within the transmission range of the transmitter.~~

[The paragraph beginning at Page 1, lines 14-33, to be amended as follows:

Various methods, systems and apparatus relating to the present invention are disclosed in the following co-pending applications/granted patents filed by the applicant or assignee of the present invention simultaneously with the present application:
